ABSTRACT

The role of a medical astrologer is very important in maintaining mental and physical health. Horoscopes can be used to predict when and how one's health is going to suffer, and this can make the horoscope conscious. Navagrahas are the same color that had an impact on the human body. It is believed that the disease can be eradicated by knowing their impact and then seeking medical attention. It was common for astrologers to appear in the royal courts. Physicians would also treat patients surgically, and astrologers, in this case, were the ones who handled the medicine very well. Based on this, they predicted the harm to the country, knew the disease coming through it and treated the medical system accordingly.

KEYWORDS - Navagrahas, Dasa, Buddhi, Andara Nathan, Lagna, Rahu, Ketu.

I. INTRODUCTION

Navagrahas are also having various impacts on humans living on Earth from space. Thus it is said that when an impact occurs on humans their organs do not escape from that impact. Navagrahas are able to know about one's health depending on where they are located in one's horoscope and their strength. Our focus is to establish and confirm the theories concerning diabetes, the impact of the six - eight - twelve houses that cause diabetes, as well as the effect of the planets Venus, Jupiter, Saturn, and the Moon, which are also believed to be factors causing diabetes. The common saying is, "Life without disease is life without wealth." On this basis, no matter how much wealth one has, it is a wealth that will last forever in one's life without disease. Nature has shown us in many ways that every living thing is unique. Although everyone in a family has been following the same diet for many generations, not everyone in the family gets the same disease. This does not mean that diet alone is the root cause of diabetes.

diseases and epilepsy. There is a moon in the 6th house, eye related diseases, diarrhea, tuberculosis, syphilis, hiccups, epilepsy and stomach can occur. There is a Jupiter in the 6th house, pneumonia, tongue disease, toothache, kunmam, Gastric disease, peptic ulcer and ear disease occur. If Venus is in the 6th house, it is said to cause osteoporosis, eye diseases, hemorrhoids, urinary problems, anemia, diabetes and genital diseases. Saturn in the 6th house is said to cause rheumatism, neurological diseases, psoriasis, leprosy and poisoning. If Rahu was in the 6th house the head would be bigger. It can cause foot and mouth disease, leprosy, heart disease, and poisoning, although it is said to be non-lethal. Ketu in the 6th house is said to cause insanity, poisoning, epilepsy etc.

III. DIABETES - PLANETARY CAUSES

There is no single cure for diabetes. This disease affects all zodiac signs. The causal planets for diabetes are Venus, Guru and Saturn. The 6th, 8th, and 12th signs of this disease, and the causal planets associated with water, are causal houses. In sinfulness 6 signifies disease, 8 signifies kidney

damage, and the long-term effect of the disease the corresponding hardship and loss, and the 12th sign of rest and eyes. The eyes reflect the expressions of the liver. When the liver is affected, so are the eyes. Thus house 6th, 8th, 12th become the causative agent of diabetes. The body does not get enough rest when it affects half of the twelfth. The liver is affected when rest is reduced. So that the eyes are also affected. Liver disease affects all eyes in diabetics and affects the eyes. Venus signifies early diabetes and Guru signifies mature diabetes. Guru, Venus fusion represents the most mature (glycogen) diabetes. Venus represents glucose. Glycogen is the stored multiple glucose. The Guru also refers to this. The combination of Venus and Guru indicates the multiplicity of sugar components. Saturn is the planet that signifies the consequences of diabetes and the affected organs.
