ABSTRACT

The Inhibition Hindus had in earlier decades about going to foreign countries after crossing the "seven seas" has vanished. A common question being asked of astrologers these days relates to settlement abroad. A snap shot method for giving quick predictions is given below with illustrations. However, like other snap shot methods, it has its limitations. This rule has, however, been widely tested and generally found to be accurate. The purpose of this study is to study the benefits of those who have gone abroad and those who are living abroad permanently or temporary foreign visit and to explore who will be eligible for yoga abroad. Going abroad was considered a great achievement and an active activity in the 1970s - 80s.

KEYWORDS – Bhakyashtana, Bhakyathipathi, Pada, Dasa, Buddhi.

I. INTRODUCTION

College students pursue their higher education, medical education, work and going abroad as their dream and life's goal during their college years and study hard to get high marks. They also know that this will help them realize their dream. This is also the wish of their parents. Both state-owned banks and private banks offer education loans for them to go abroad for study. It is very effective in realizing their dream. Thus the parents of the students approach the astrologers to find out if their horoscope system helps the students to go abroad. Do astrologers have in their horoscopes yoga that they can go abroad? Is the position of the planets correct? After researching well and giving a positive response, they agree to fulfil their foreign dream.

II. TRAVEL ABROAD FOR EDUCATIONAL PURPOSES

In all such cases there should be a proper 'dasha' and connection between houses/lords of 5th, 10th, 12th, 7th and 9th. Since 8th house is a mysterious house and deals with deep researches as well as travel by sea, there would be sometimes an involvement of this house also. Dasa of Rabu and 5th lord should invariably be watched and care should be taken to observe following points.

- i) Education abroad is highly expensive, so the horoscope should promise enough means combined with average/above average intelligence.
- ii) The person concerned should be extremely brilliant so as to be able to get a scholarship for studies abroad. This can be easily established by strong 5th, 9th houses and their lords, as well as strong placement of Mercury and Jupiter, significations for intellect and education. Classical "Saraswati Yogas" should also be checked.
- iii) As is true in other cases, most of the planets should be placed in movable or dual signs
- iv) There should be a promise of foreign travel as per classical rules enunciated earlier.

**III. ASPECTS IN YOGA FOR FOREIGN VISIT HOROSCOPES**

1. Yoga going abroad occurs when the planets Rahu, Saturn and the Moon sit in 9th – 12th places.
Overseas yoga is caused by the sitting of the planets Rahu, Saturn, and the Moon, which can provide overseas yoga in Bhaktyashtana(9), overseas, distant, and sleepy places (12).
2. 1 - 9 - 12 house lords get the essence of Rahu, Saturn and the moon star, so the yoga of going abroad occurs.
3. 1- 9 - 12 obtaining the essence of their star pada causes yoga to go abroad.
4. Yoga going abroad occurs as the movable Sign, water Sign or air Sign is 9th – 12th places to the Lagna target.
As the average person is unable to stay in one place like a snake, the 9 – 12th sign of the average person will go abroad, resulting in yoga going abroad. Water Sign gives to the person an unstable state like stagnant water, so 9th – 12th Water Sign will have the opportunity to go abroad. As the Air Sign becomes unstable in one place like an airborne cargo, the air Sign becomes 9th – 12th place as Air Sign will giving it a chance to go abroad.
5. 1 - 9 – 12th Lords change within themselves and the yoga of going abroad occurs.
Lagna house lord, Bhaktyathipathi, Foreign Sign house Lord Change within themselves are those who are spiritually driven to go abroad.
