CONCLUSION
Today is a globalization world. More importance has been given to industrialization and connected issues. Central government has started one concept i.e. corporate social responsibility for development in rural area. This scheme is applying but again there is need to modify and implement properly. Timely and adequate support by way of credit to farmers with focusing small and marginal income of farmers to have them modern equipment and improved agricultural productivity. To be issue the Kisan Credit Cards to all the eligible farmers to have them access to get various loan in the schemes of government. Also framing the plans for the tenant farmers and share croppers, agricultural workers and to give them micro-credit through banks. Encourage the farmers to adopt allied activities like dairy, fishery, poultry etc. with farming activities. Diversification, crop rotation in agricultural production has to changing in current scenario.
